

Enterprise AI Foundations

Build the grounding to design trustworthy AI systems.

DURATION	10 weeks
COMMITMENT	6-8 hours/week
FORMAT	Live online + applied labs
LEVEL	Intermediate

PROGRAMME OVERVIEW

Who this programme is for

Technical professionals, data teams, product owners, and emerging AI practitioners.

What participants will be able to do

- Frame AI problems and select suitable methods
- Build and evaluate machine learning and generative AI workflows
- Work safely with data, models, prompts, and retrieval
- Communicate technical trade-offs to stakeholders

Learning journey

- 01 AI systems and responsible design
- 02 Machine learning and foundation-model essentials
- 03 Knowledge retrieval, RAG, and evaluation
- 04 Model adaptation, testing, and deployment choices
- 05 Applied capstone: an AI opportunity for your organisation
